

PLACEMENT CELL REPORT 2015-16

If you can dream it, you can do it - Walt Disney

The Placement Cell of St. Xavier's College has had another fruitful year of placements in the academic year 2015-16 which saw various companies approach us in their hunt for fresh talent for their organizations. Each year, we invite and host companies on campus to hold recruitments for our students, and in spite of the job market looking bleak this time round, we saw many leading corporates recruit a considerable number of students from our campus.

The Placement Cell is headed by our Principal, Rev. Dr. Felix Raj and the Coordinator Prof. M. Hanif. All the activities of the Cell are led by Mr. Niladri Sinha and the Student Core Committee, which consists of students from different courses in their final year. We aim to invite companies from various fields in order to make opportunities available not just for students of business, science and arts.

The Placement Cell of St. Xavier's aims at making available quality placement opportunities for the students of the college. It acts as an interface between the students of the college and various companies that come for recruitment.

The placement cell maintains a constant contact with its students through its Blog, Facebook page and also sends the students regular mails notifying them about the companies that would be visiting thereby encouraging them to apply for the recruitment procedure.

Like the previous years, this year also the cell organised several workshops for students- The seminar on Soft skills Development and Career Building was held in collaboration with Erudite Kolkata for all final year students , the eminent speakers being Mr Kaushik Kapoor, Mr Kunal Dwivedi and Mr Sajal Mitra. Though the seminar followed the tradition of teaching the students the format of an impressive Curriculum Vitae , it also initiated them to take part in mock Group Discussions. The seminar was highly valuable and appropriate for most of the final year students who would be taking part in group discussions and interviews and campus drives in the near future. Other seminars were also conducted for the second year students.

A number of companies visited the campus for placements that started in the month of August with the arrival of Google. Following suit were big corporate names Deloitte International, TCS, Godrej, Futures First, Star TV, NDTV, Zomato, Axis Bank, Ernst & Young GDN, Mckinsey, Boston Consultancy Group, Z S Associates, KPMG, UBS, Mu Sigma, Wipro IT, IBM, Cognizant, IFB Agro Tech, J Thomas & Co., Viacom 18, ABP Ltd. and PriceWaterhouse Coopers, Everest, Bajaj Capital, Blue Dart, Paharpur Cooling Tower, Jute India, Decathlon, Uber, Grofers, Oberoi Group, Taj Group of Hotels among others.

For the academic session 2015-16, the cell has been successful in inviting several companies and maintaining a cordial relationship with them. Last year, we had set the target to widen the spectrum of companies that come for campus drives. Each year, there are a large number of companies that come to recruit from the commerce and science streams. However, this year, there were more companies that wished to recruit from all streams, Zomato, ITC Sonar, Indigo, Jet Airways, Viacom 18 and Pedagoge

being a few of the big names that did so. The campus drive was an immense success with the company, Decathlon, recruiting 8 of our best sportspersons.

Several regular as well as new companies visited the college for placements for this academic session. Companies offering regular jobs as well as paid and unpaid internships were in bountiful this year. Students have been placed through on-campus and off-campus interviews across various departments like- BBA, B.Com, Economics (Hons), Mass Communication, English(Hons) and many more with an annual CTC ranging from Rs. 3 to 14 lakhs.

Beside the regular activities Ernst and Young India organised a competition for B.Com, BBA and Economics students to write a Business Proposal for a unique startup. More than 150 students took part in this competition. Tanay Modi from B.Com 2nd year won the first prize of Rs. One lakh and 3 months internship at EY.

With relentless support from Father Principal, professors and students, the Cell has been growing from strength to strength and is striving towards the ultimate goal of 100% placement for the students.

“Climbing to the top demands strength and skills, whether it is to the top of Mount Everest or to the top of your career”. **Dr.A.P. J. Abdul Kalam**
