

ST. XAVIER'S COLLEGE (AUTONOMOUS)

PLACEMENT CELL REPORT 2014-15

“He who goes about to reform the world must begin with himself or he loses his labor”.

St. Ignatius of Loyola

The Placement Season every year reaffirms and justifies the position of St. Xavier's College, Kolkata in the list of the country's premiere College. 2014-15 has been another fruitful year, keeping up with the track record of successful placements. With the job markets in recovery after the recent downturn, bringing some big names to recruit from our undergraduate courses was no mean achievement.

As the Placement Cell of the College, we invite companies to the campus and recruit talent from our esteemed institution. Heading this Committee is our Principal, Rev. Dr. Felix Raj and the Coordinator Dr. M. Hanif. All the activities of the Cell are led and organised by Mr. Niladri Sinha, and facilitated by the Student Core Committee, which consists of students from different courses in their final year. We aim to invite companies from various fields in order to make opportunities available to students of Business, Science and Arts.

A number of companies visited the campus for placements that started in the month of August with the arrival of Google. Following suit were big corporate names Deloitte International, TCS, Godrej, Futures First, Star TV, ND TV, Zomato, Federal Bank, Axis Bank, Ernst & Young GDN, KPMG, UBS, Mu Sigma, Wipro IT, IBM, Cognizant, IFB Agro Tech, J Thomas & Co., Viacom 18, Usha International, ABP Ltd. and PriceWaterhouse Coopers, Everest, Bajaj Capital, Blue Dart, Paharpur Cooling Tower, Jute India, Decathlon, Uber, Grofers, Oberoi Group, Taj Group of Hotels among others.

Each year, there are a large number of companies that come to recruit from the commerce and science streams. This year, there were more companies that wished to recruit from all streams - Zomato, Viacom 18 and Star TV being some. In another first, a sports company was invited on campus for recruitment. The campus drive was an immense success with the company, Decathlon, recruiting 8 of our best sportspersons. We have thus successfully widened the scope and spectrum of campus drive. The annual CTCs offered by the companies that recruited our students ranged between 3 Lacs and 14 Lacs. Students placed were from across the plethora of courses offered here at St. Xavier's College.

The Placement Cell maintains a continuous correspondence with the students through its Facebook page and the Placement blog. The students are kept updated

with the latest vacancies and campus drives through this interface, as well as through the notices published timely on campus.

This academic year has been one that the Placement cell is extremely proud of, not only because of the strength of placements as showcased in numbers, but the variety that we have been able to introduce in terms of companies like Decathlon and Zomato. We continue to strive to get more well-known corporates on campus, not only for the final year students, but also for second year students willing to intern.

Apart from placements, the past year has also seen various Seminars / workshops. Mr. Manish Gupta, Mr. Indranil Ghosh, Ms. Aatreyee GuhaThakurta and Ms. Tumpa Sarkar from British Council addressed the theme of 'Graduation What Next' and suggested how British Council can help from the students and leaders of the future. Ms. Tumpa Sarkar conducted the session on "Soft Skills Development". All the sessions were highly appreciated by the students who benefitted with their decisions with further career course. Workshops on different areas ranging from Stock Markets to Career Counselling, Financial Analysis and Education fairs have also been organised.

This year Ernst & Young India Pvt. Ltd. organized a competition in St. Xavier's College among the second year students to write a business proposal on establishment of new venture. 155 students took part and experienced the various learning methods. Ms. Rishika Sureka got first prize of rupees one lakh and two months of internship at EY.

This academic year has seen many destinations being reached, with prominent corporate names coming not just for placement for final year students, but also internships for second year students. The continuous supports of the college authorities have been a certain boost. As for next year, we strive to invite and host more companies and offer the students the best initiation into the corporate world and the job market that beckons Xaverians.

“Believe in yourself! Have faith in your abilities! Without a humble but reasonable confidence in your own powers you cannot be successful or happy”.

Norman Vincent Peale
