UG – Bachelor in Multimedia and Animation

PG – Microbiology

3. Innovations in curricular design and transaction.

The innovation and curricular design and transaction are as follows:

- ❖ Almost for all departments the curriculum and the syllabus have been thoroughly revised and restructured.
- ❖ Curriculum Restructuring Committee (CRC) is undergoing a process of a through curriculum restructuring to make it interdisciplinary. The restructuring, if accepted in the Academic Council will be in force from the academic session 2013-14.
- ❖ Meetings with HoD's were held to identify the various strengths and weakness and measures were taken for necessary improvements.
- ❖ Some of the innovative approaches in the curricular design and transaction may be mentioned as follows:
 - i. Introduction of compulsory internship (as in B.Com and BBA)
 - ii. Regular Industry visit
 - iii. Research methodology classes for Project work
 - iv. Guest faculty from other institutions of repute and Industry.
 - v. Work in the rural areas as a part of the Credit requirement.
 - vi. Field study
 - vii. Students' participation in national and international seminars and presentation of papers.

4. Inter-disciplinary programmes started.

The CRC is seriously working to modify the curriculum of all departments so as to introduce inter-disciplinary courses. If approved by the Academic Council, it is expected to start from July 2013 session.

There were inter-disciplinary programmes between different departments like, Commerce and BBA, Commerce and Economics, Statistics and Microbiology, Microbiology and Chemistry, Microbiology and Biotechnology etc. Most of those programmes were annual and regular. Some of the inter-disciplinary programmes were as follows:

- Insignia (Departments of BBA and Economics)
- Xavier Management Convention (BBA and B.Com. Department).
- Spectrum (Physics Department with all the Science & Humanities Depts.).

5. Examination reforms implemented.

In order to expediate the process of publication of results the following new method was implemented:

- ◆ All general papers will be totally internally evaluated and scrutinized.
- ◆ All Honours papers will be first internally evaluated.
- ◆ 20% of the honours papers will be sent to the external examiners after random sampling to check the standard of evaluation. If there is a discrepancy between the two (internal and 20% external evaluation) in a large number of scripts the papers will be fully examined by the external and the average of the two will be the marks obtained by the candidate. If there is a difference of 15% between the internal and external evaluation, the script will be sent to a 3rd examiner whose marks will be the final marks obtained by the candidate.

6. Candidates qualified: NET/SLET/GATE etc.
