PROGRESS

The Xavier's Commerce Society started its journey back in 2006 with the launch of its annual business journal, Youthink. Over the years, Youthink has become a platform for the students of the Department of Commerce to voice their opinions about the socio-political dynamics of the world as well as their corporate implications. Our associations with luminaries such as Mr. Shah Rukh Khan, Ms. Alia Bhatt, Mr. Sachin Tendulkar, Mr. Narayana Murthy, Mr. Brett Lee, and Mr. Rishabh Pant, among others, bear testimony to the fact that XCS has made its mark on an international scale.

The year 2007 witnessed the first edition of our intra-college management competition, X-Calibre. Along with that, we had a plethora of other events, such as Inception, which is an exclusive corporate simulation event for first year students, Innovision, a compendium of seminars held to guide students in choosing their career paths, and Intelligentsia, a panel discussion with eminent personalities.

Insignia, now in its eighteenth instalment, is our highly anticipated flagship event. Having hosted the likes of Mr. Rahul Bose, Mr. Suhel Seth, Justice Markandey Katju, Mr. Muttiah Muralitharan and renowned comedians like Tanmay Bhat, Rahul Dua, Biswa Kalyan Rath, Aakash Gupta, Samay Raina, Karan Singh Magic, Harsh Gujral and Kenny Sebastian in the past and having associated with companies like Axxela, Royal Enfield, Tata, Birla, Hero, Cadbury, HP and HDFC Bank, Insignia surpasses itself and sets new benchmarks each year.

In 2013, we introduced the 'Nationals' competition, a pan-India event, taking Insignia to newer heights. In 2016, we went international for the first time and hosted participants from across the Middle East, Australia, Europe and the sub-continent at the six open events - all of which received a great response. This year, we yet again organised an event exclusively for high school students, Corporate Prodigy, to acquaint them with the corporate world.

This year, as we conducted our operations, the society made great strides to make the academic year successful. Having organised the most number of events in the college throughout the year, we hosted our flagship event, Insignia. Not only the participants, but also corporate and faculty members appreciated and acknowledged the zeal and vigour with which we continued our work. We look forward to another year of success and accomplishments, a year of limitless learning, and a year of transcending possibilities to achieve the extraordinary.

INCEPTION (21ST- 24TH JULY '25)

For the newly inducted first years, Inception is the most important management simulation. Here, at Xavier's Commerce Society, we test students' attributes such as critical thinking and composure. The simulations give them a taste of the business world and what they can expect if they continue on their current path. This event has established a reputation as one of the most competitive events at St. Xavier's College (Autonomous), Kolkata, and we will continue to do everything we can to retain its elite status.

INNOVISION (1ST- 4TH SEPTEMBER '25)

With the aim of educating the students about the different aspects of the corporate world, InnoVision 2025 witnessed career-oriented webinars and seminars that were conducted featuring professors from institutes such as IIM Calcutta. The outpour of response was so great that even inter-college students wanted to be a part of the same. It was indeed a once-in-a-lifetime opportunity for the students to observe business pioneers.

CORPORATE PRODIGY (18TH- 19TH NOVEMBER '25)

Before they step into the real world, high school students got a chance to test their mettle in 'Corporate Prodigy' — a rigorous two-day management simulation curated by XCS. The event brought together the finest schools across the country. This event aims to provide school students with a glimpse of the corporate world while also informing them of the attributes that will be required of them in order to flourish in the dynamic world and become adept with the required environment.

INAYAT (8TH- 11TH JANUARY' 26)

XCS started the given offline social endeavour this year with the aim of bringing happiness and joy to the underprivileged. Over the course of four days, we conducted a food drive in Kolkata, distributing meals through a food truck. We also distributed food to stray animals across various locations and carried out a plantation drive to promote environmental awareness. We also visited an old age home to engage and interact with the people via games and distribution of fruit baskets. On the last day, we visited an orphanage where we had stalls consisting of different games and provision of essentials like stationery and food packets were distributed.

CASE CONSTRUE (17TH JANUARY' 26)

Case Construe, an international level case study competition organised by the Xavier's Commerce Society witnessed significant development. Intricately designed case studies spread across several domains were curated to test and assess the skills and business acumen of the participants from around the globe in every realm of management.

YOUTHINK LAUNCH (12TH FEBRUARY' 26)

Youthink, a globally recognised annual business journal with its own ISSN ID, aims to provide a forum for people to express their views on a variety of business, social, and geopolitical problems. The twentieth edition of Youthink, with the theme Percipience, was launched offline this year, and was commemorated by a panel of notable dignitaries.

INSIGNIA (12TH- 13TH FEBRUARY' 26)

Insignia, the Xavier Commerce Society's flagship event, is a name identified with irrefutable splendour and greatness. This is the only fest that draws students from India's finest colleges as well as from around the world. As they compete against top competitors, Insignia seeks to provide a holistic platform for participants to acquire sound business skills and discover their real potential. The theme for Insignia 2026, 'Vanguard of Valor', reflects our collective aspiration for growth and development. Insignia 2026 was hosted in association with well-renowned Magician, Karan Singh.

As part of the XCS committee, many students have graduated till now, and most of them have either been placed in big corporate houses or have started their own businesses.

The alumni have long since been an important part of our society. They have set the bar for success and achievement that young XCSers strive to surpass. XCSers have, since the beginning, achieved laurels in every field, be it corporate, legal or any other for that matter, and have brought pride to the society. The two-and-a-half-year journey of XCSers might get over, but their bonds last a lifetime.

It is truly said that you carry the crest wherever you go as people define us more by the actions and the impact we make. The spartan life of an XCSer is truly unmatched, and no obstacle is insurmountable. It is the alumni who make this society a valuable addition in terms of networking and development and we hope their contribution grows over time.
