

SEM VII

Semester: VII				
Programme: POLITICAL SCIENCE				
Course: DEVELOPMENT AND POLITICS IN INDIA				
Paper code: C4PS230711T			Credits: 6	
Hours/week: 4				
Category: Core/MDC/SEC/VAC: Core (Major)				
Theory / Practical / Composite: Theory				
No of Modules: 2				
Course Overview:				
<p>This course explores the complex intersections between development and politics in India, focusing on liberalization, globalization, and their socio-economic impacts. It examines state-market relations, corporatization, agrarian changes, environmental politics, and poverty alleviation programmes. Students will critically analyze developmental paradigms and understand how cultural, gender, and class dynamics shape India's evolving political economy.</p>				
Course Outcomes:				
1. Recall: the historical and conceptual foundations of development politics in India, including key phases of economic reforms.				
2. Explain: the relationship between the state, market, and society in the post-liberalization era and their role in shaping development priorities.				
3. Apply: development frameworks to assess the impact of corporatization on sectors such as industry, employment, health, and education.				
4. Analyze: agrarian development strategies and their socio-political implications for rural transformation and sustainability.				
5. Evaluate: the interconnections between environment, cultural politics, gender, and poverty within India's development discourse.				
6. Design: and propose alternative policy perspectives for inclusive and sustainable development in contemporary India.				
Prerequisites: <i>Basic knowledge about any prior course</i>
