PRAYER OF ST. IGNATIUS OF LOYOLA

Take, O Lord, and receive my entire liberty,
my memory, my understanding and my whole will.
All that I am and all that I possess, You have given me.
I surrender it all to You to be disposed of according to Your will.
Give me only Your love and Your grace;
with these I will be rich enough,
and will desire nothing more.

A PEACE PRAYER

Lord

make me an instrument of your peace
where there is hatred, let me sow love;
where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
and where there is sadness, joy.

O Divine Master

Grant that I may not so much seek
to be consoled as to console,
to be understood as to understand,
to be loved as to love:
For it is in giving that we receive,
it is in dying that we are born to eternal life.

— (St. Francis of Assisi)

JESUITS AND EDUCATION IN INDIA

The Society of Jesus, a Christian Religious Order founded by Saint Ignatius of Loyola in 1540, has been active in the field of education throughout the world since its origin. In the world, the Jesuits are responsible for 3,897 Educational Institutions in 90 countries. These Jesuit Educational Institutions engage the efforts of approximately 1,34,303 teachers, educating approximately 29,28,806 students.

In India, the Society of Jesus has founded 118 Primary & Middle Schools, 149 High Schools, 52 University Colleges, 2 Universities, 22 Technical Institutes and 17 Business Administration Institutes with 11,225 teachers, educating 3,24,538 students, belonging to every social class, community and linguistic group. These Institutions are part of the Catholic Church's effort to share in the country's educational undertaking.

The Jesuit College aims at the integral, personal formation of youth. To accomplish this, special efforts are made :

- to help the students to become mature, spiritually-oriented men and women of character;
- to encourage them continuously to strive after excellence in every field;
- to value and judiciously use their freedom;
- to be clear and firm on principles and courageous in action;
- to be unselfish in the service of their fellowmen; and
- to become agents of needed social change in their country.

The Jesuit College thus aims at making its own contribution towards a transformation of the present-day social condition so that principles of social justice, equality of opportunity, genuine freedom, and respect for religious and moral values, enshrined in the Constitution of India, may prevail, and the possibility of living a fully human existence may be available to all.

ST. XAVIER'S : 167 YEARS (1860 - 2026)

A Brief History of the College

A host of seven Belgian Jesuits arrived at Calcutta in November 1859, under the leadership of Fr. H. Depelchin (Rector : 1860-1871), the Founding Father of the second St. Xavier's. They shifted St. Xavier's from Chowringhee to the Sans Souci Theatre in January 1860, which is now the honest home of learned professors and zealous students.

With one hundred and sixty seven years of service to the nation, St. Xavier's College, Kolkata, has grown today into a leading educational institution in India. Both St. Xavier's School and College are proud of their contribution to the cause of education and culture in Bengal for 166 years. These twin institutions have produced many great educationists and students who earned regard and respect for their Alma Mater.

Fr. E. Lafont was appointed Rector in October 1871. He was a gifted teacher of physics. The terrible cyclone of November 1864 proved the beginning of his fame. The catastrophe might have been much greater, had not Fr. Lafont signalled the timely warning.

It was Fr. O'Neill (Rector : 1904-1914) who gave the College its crest and the motto : *Nihil Ultra*, a motto, significant and suggestive of a noble ideal, of an unconquerable hope, that urges the Xaverian to a consistent quest for the higher. The motto of the young Xaverian is the old maxim : ''*Perfectum nihil est, aliqiriddum restat agentiim*'' (Nothing is perfect as long as anything remains to be done).

The tiny seed has grown into a mighty tree. In the year of its centenary (1960), St. Xavier's had on its rolls 3,503 students. It has, now 65 years later, 8,614 students. A total teaching staff of 448 are educating them. The College offers UG and PG courses under five faculties : Arts, Science, Commerce, Business Management and Education. College has got approval from AICTE for conducting its management programme.

The Jesuit College aims at forming young men and women of competence, commitment, compassion and conscience. St. Xavier's College thus aims at making its own contribution towards a transformation of the present-day social condition so that principles of social justice, equality of opportunity, genuine freedom and respect for religious and moral values, enshrined in the Constitution of India, may prevail, and the possibility of living a fully human existence may be open before all.

St. Francis Xavier is the Patron of St. Xavier's. There is not an educated Indian who has not heard the name of Francis Xavier. It is to India that Ignatius of Loyola, the Founder of the Society of Jesus, sent his greatest son, Francis Xavier in 1542. Xavier was a zealous "missionary on the move". He sailed to Malacca and Japan in 1549 where he spent two and a half years. In April 1552 he set sail for China via Malacca from Goa, never to return alive. He died at Sancian, a small island facing China, on 2nd December 1552. Wherever he went, he plunged himself into charitable and pastoral work preaching the message of God's love to people. He worked in India for 10 years from 1542 to 1552, called the Xaverian decade.

The list of the old students of St. Xavier's includes many scientists, actors, filmmakers, poets and industrialists in Bengal. It can boast of some of its pupils who became international figures of repute : Rabindranath Tagore and Jagadish Chandra Bose. While Tagore was impressed by the relationship between teachers and students at St. Xavier's, Bose found encouragement for his introduction to science in the person of Fr. Lafont, who was called "the father of science" in India. Three chief ministers of Bengal - H. S. Suhrawardy, Siddhartha Shankar Ray and Jyoti Basu passed through the portals of St. Xavier's. You will invariably come across, in any important office in Kolkata, a Xaverian who has excelled in his field.

St. Xavier's has always been known for its cosmopolitan and national character. Much before the expression "national integration" gained currency, St. Xavier's has tried to foster among its students the spirit and practice of it. Coming as they do from all over India and from

various communities, they live in complete harmony, understanding and mutual respect. Thus they are encouraged to develop beyond local and group affinities, loyalties to the country and to society at large.

The B.Com. Department started functioning in 1946. The Golden Jubilee of the Department was celebrated in 1996. The B.Com. Evening Department started functioning from 1st July 2006 as a co-educational Department.

The National Assessment and Accreditation Council (NAAC) recognized St. Xavier's College as an "A" grade institution in 2003. In May 2006, it was declared a Centre with Potential for Excellence by the UGC. From July 2006, it became an autonomous college (the first in West Bengal). In November 2024, the college was assessed by NAAC and was awarded an A^{++} grade, (4th Cycle).

St. Xavier's College has been granted

(i) The status of College of Excellence (CE) (2014).
(ii) College with ''Heritage Status'' (2015).
(iii) College with ISO 9001:2015 Certification.
(iv) College securing 8th position NIRF-2025 Ranking.

St. Xavier's has over these 166 years remained steadfast and persevered in the midst of troubles and anxieties. Now with all the richness of the past, it embraces the future with the same spirit- ''Nihil Ultra'' (Nothing beyond).

''What does it profit a man if he gains the whole world and loses his soul.''

— Mark : 8:36

MESSAGE FROM THE PRINCIPAL

Dear Students, Staff, Parents, Alumni/ae, Benefactors and Well Wishers,

St. Xavier's College – a Christian Minority Higher Educational Institution was founded in 1860 by a Catholic Minority Religious Body, the Society of Jesus, and was affiliated to the University of Calcutta in 1862. While preference is given to the educational and cultural needs of the Christian Minority community and the poor and socially marginalized, admission is open to all, irrespective of caste, creed and nationality. Drawing from the rich legacy of Jesuit achievement in the field of education, our College community continues to move forward with confidence, pride and enthusiasm. This institution was created with the objective of providing a holistic education of the highest quality to enable students to excel academically while at the same time nurturing qualities of character, leadership, compassion and service.

Principled on the motto "NIHIL ULTRA" which means "NOTHING BEYOND" and a vision to promote a society based on love, freedom, liberty, justice, equality and fraternity, St. Xavier's College aims to form young men and women of competence, commitment, compassion and conscience - *men and women for and with others*. This ideology of service is the hallmark of Jesuit Education, and it empowers students to herald social change nationally and globally.

The College aims to inculcate the highest intellectual standards through rigorous academic commitment and discipline. Students are encouraged to strive for the highest levels of academic achievement by mastering the subjects they have chosen to study. The College stands committed to making the teaching-learning process "student centric" to ensure that students are trained to think critically andcreatively and act with responsibility and integrity.

Presently, the College offers 18 undergraduate, 2 M.Sc. Integrated, 13 postgraduate, 1 B.Ed. and 9 Doctoral programmes. I am proud to announce that as part of our expansion plan, an M.Sc.

in Data Science was introduced in the academic year 2022-23 and an M.A. in History from 2023-24. We have also introduced an M.Sc. in Food Science and Nutritionand a B.Sc. in Data Science from 2025-26. This academic year we intend to expand our doctoral programmes to include, with the permission of University of Calcutta, the Department of Sociology.

As part of our initiative to strengthen our industry-academy interface, St. Xavier's College has been working closely with Tata Medical Centre to create P.G. Diploma courses that assure students internship and employment opportunities. We have successfully launched the first of these courses, a P.G. Diploma in Molecular Medical Microbiology.

To keep pace with emerging developments, we have introduced a minor course on Artificial Intelligence and Multidisciplinary courses such as Gen AI for Non-Coders and AI for Natural Sciences. Given our commitment to environmental sustainability, we have introduced a course in Wetlands Conservation which is conducted by professionals working in the field of conservation.

We are working in a focused manner to make St. Xavier's College an AI integrated Campus. An AI Committee has been constituted for this purpose. The team has prepared a roadmap for a phased incorporation of AI in the context of Academic Programmes, Teaching & Learning, Digital Infrastructures, Research and Innovationandfaculty and student capacity building through AI literacy. A 4-year B.Sc. programme in Computer Science and AI which incorporates Generative and Agentic AI has been proposed for commencement in the academic year 2027. A full-fledged undergraduate programme on AI and another on Data Science and AI is being planned. All Departments are working to incorporate into their syllabus a component on AI learning relevant to their disciplines.

Also on the anvil are courses on Graphic Design, Psychology, Digital Marketing, Financial Risk Management, Design Thinking, Innovation and Product Commercialization, Business Data Analytics, Marketing Analytics, Stock Trading (in collaboration with BSE), TV

reporting and anchoring, Business Data analytics, Event Management, Digital Humanities, Policy Studies, Rural Development and Social Welfare.

In alignment with the National Education Policy (NEP) and India's global academic engagement initiatives, St. Xavier's College has embraced the internationalisation of higher education as a strategic priority. Through the dedicated work of the International Studies and Programmes (ISP) Office, the College has established academic collaborations with prestigious institutions across Australia, Europe, the USA, and Asia. We actively host and send students and faculty for semester exchanges, short-term academic programmes, joint research, and cultural immersion initiatives. As a partner institute under the Government of India's Study in India scheme, we facilitate admissions of international students with fee waivers and academic support. The College benchmarks its curriculum with international institutions, ensuring global compatibility and excellence. By promoting a cross-cultural academic environment, we prepare our students to be globally competent, socially sensitive, and intellectually agile citizens, equipped to contribute meaningfully to both national and international arenas.

As a recognition of our collective effort towards excellence in the spirit of "Nihil Ultra", different Government agencies have released grants for the College. The Departments of Microbiology and Biotechnology received the prestigious DBT Builder Grant of Rs. 2.96 crores from the Department of Biotechnology, Government of India from 2021-26. The Expert Committee of the Department of Biotechnology (DBT), Government of India, reviewed the Departments of Physics, Chemistry and Microbiology under the DBT Star College program. St. Xavier's College was awarded Grade 'A' by DBT and the subsequent release of grant under the DBT Star College Scheme was recommended. The Central Instrumentation Facility (CIF) at the College has been a result of this successful endeavour.

Though St. Xavier's is a teaching and learning College, greater and greater emphasis is now being placed on research and consultancy.

With a state-of-the art Central Research Facility and a renovated Observatory equipped with the latest equipment, research at St. Xavier's, especially multidisciplinary research with potential patenting of the research outcomes, has become an integral part of the teaching and learning process.

A Research and Development Cell has been established by the College for promoting quality research work in multi-disciplinary field. In addition to this, the College has established the "School of Social Science and Humanities" to develop a cross-disciplinary research culture.In the same vein, the Gender Study Centre is consistently pursuing frontline research in contemporary gender related issues. The centre has already produced several quality research publications.

Here is a record of some of the achievements of the College:

- First Autonomous College in West Bengal.
- College with Potential for Excellence and College of Excellence, thereafter, awarded by University Grants Commission (UGC).
- College with a Special Heritage Status awarded by UGC.
- College with ISO 9001:2015 Certification.
- College securing 8th position NIRF Ranking 2025 and consistently within the top 10 colleges in India since 2019.
- A++ College (4th Cycle 2024), awarded by NAAC.
- AICTE approval for the BMS Course.

The single most significant achievementis the setting up of the Raghabpur Campus, about 25 kms away from the main campus. This campus caters primarily to the academic needs of rural students. In a planned expansion of the infrastructure, a new academic block with a space area of 65,000 square feet has been built. The Raghabpur initiative is in keeping with the Jesuit motto, "Magis" which means "more" or "greater" as part of the Jesuit philosophy of doing more for God, and therefore doing more for others and for society. It is closely related to 'Ad Majorem Dei Gloriam', a Latin phrase meaning "for the greater glory of God".

St. Xavier's College is the only degree College in India with the responsibility of managing an Educational Multimedia Research Centre (EMRC) of UGC. Established in 1986, the EMMRC now known as EMRC, is one of the best centres in the country and has won many awards. In the foreseeable future, the Entrepreneur Development Cell, an Incubation Centre, a media hub, and other professional and job-oriented courses will be located on the EMRC campus. Contemporary research activities will also be carried out in this campus.

St. Xavier's college boasts of an illustrious alumni association, members of which include eminent personalities from both academics and industry. The Alumni is very active in many ways and organizes meetings on a regular basis to mobilize funds for college support, social welfare activities and cultural activities. There are national and international chapters in places like Mumbai, Bangalore, Delhi, Assam, Canada, Bangkok, UAE, USA, UK, Singapore, Europe and Australia. The Association tirelessly organizes various philanthropic activities for the welfare of society at large.

I am honoured, privileged and proud to serve and lead St. Xavier's College, Kolkata. It is my passion for education that has driven me to create a comprehensive and culturally receptive educational environment where every individual is given adequate support and inspiration to achieve his / her objective. I am confident that with the support of the Jesuit community, our students, staff, parents, alumni / ae, well-wishers and benefactors, we will continue to serve the society at large.

May God bless us all!
