

SEMESTER: V	
COURSE NAME: CORPORATE ACCOUNTING	
COURSE TYPE: Major (Core)	COURSE CODE: C3BC230531T
CREDIT: 4	MARKS:100
Pedagogy: Classroom lectures & Seminars	

COURSE DESCRIPTION:

The course aims to enable the learners to understand, develop, and apply the tools and techniques of Corporate Accounting in financial reporting with respect to business entities. It seeks to develop students' competence toward recording and maintenance of books of accounts for a business.

LEARNING OBJECTIVES:

LO 1: The course aims to enhance the abilities of learners to develop the concept of corporate accounting and its significance in business.

LO 2: The course further aims to enable the learners to understand, developing and applying the framework of preparation and presentation of financial statements, concerning corporates, as applicable to non-Ind AS companies.

LO 3: It seeks to develop student competence in the field of financial reporting in the most suitable manner allowing the stakeholders to make informed decisions on financial matters.

COURSE OUTCOMES: On successful completion of the course the learner will be able to understand the finalization of accounts under consolidation and standalone aspects. The procedure of accounting in case of restructuring will be also reflected upon by them.

CO 1: Understanding the principles of accounting for issue and redemption of debentures.

CO 2: Understanding Framework for preparation and presentation of financial statements of Non-Ind AS compliant companies and implication of AS 20 and AS 22 in such preparation.

CO3: Understanding the procedure and parameters of valuation of goodwill and shares in different situations.

CO4: Understanding the accounting aspects of business restructuring as per principles laid down in AS 14

CO 5: Understanding accounting aspects of business consolidation as in the case of a holding company in reference to AS 21.
