

Sexuality Studies

1. Remembering: Students will be able to recall the historical legacies of sexuality and understand how they have shaped contemporary understandings of sex and gender.
2. Understanding: Students will demonstrate an understanding of the key concepts and theories related to feminism and sexuality, including how feminist perspectives have influenced the field.
3. Applying: Students will be able to critically apply their knowledge of sexuality studies to analyze and evaluate various texts, media, and cultural representations.
4. Analyzing: Students will analyze the critiques of transgender perspectives on sexuality and gender, discerning the complexities and intersections of identity and power.
5. Evaluating: Students will evaluate the political economy of sexuality, recognizing how economic factors intersect with sexuality to shape social relations and power dynamics.
6. Creating: Students will develop their own perspectives on sexuality rights and social movements, engaging in critical thinking and reflection on the ways in which diverse communities advocate for sexual rights and justice.
