

## Support Staff Development Programme

**31 January  
2025**

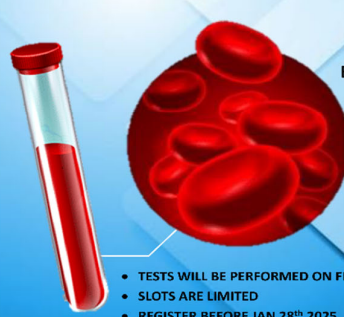

St Xavier's College (Autonomous) Kolkata Department of Microbiology of in collaboration with HaemurEx and RM laboratory organised a **“Blood Testing Camp”** for the support staff of St Xavier's College. In this camp the following parameters were measured:

Total Bilirubin  
Direct Bilirubin  
Cholesterol  
Hemoglobin  
Triglyceride  
Total Blood Glucose  
SPo2  
Lipid Profile  
Blood pressure

This measurement was done in a specially devised unit following the spectrophotometric method and approximately 50 staff members were benefitted. This entire camp was conducted by the staff and students of the department of Microbiology mainly under the skill enhancement course programme of Clinical Biochemistry.
