ABOUT US

The OnCampus Program is our main event which comprises the main Hult Prize business proposal competition. The participating teams pitch their business ideas in front of a panel of successful investors, mentors and entrepreneurs. Participants are expected to come up with business plans that would make a difference in solving pertinent issues.

Exhult, a precursor to the main OnCampus Program, is an event focused on creating awareness and inculcating a sense of entrepreneurship in the youth. Renowned investors, entrepreneurs and business mentors are invited to give their valuable insights in front of young minds and create awareness regarding the challenges and know-hows of a start-up.

THE SCROLL
