

Short CV

Graduating from SRFTI in 2000 with specialization in Sound Designing, Subhadeep has maintained a close connection with all kinds of productions, from animations, short films, documentaries, feature films and radio shows and audio series. At the same time he has maintained a close relationship with academics as an assistant professor in this college since the inception of the MCV department in 1998.

Awarded with National Award in 2010 and Chalachitra Academy Award from Kerala in the same year, Subhadeep persists in balancing the industry and academia single handedly with focussed determination and passion in the field of Sound Design and production of audio visual materials and is actively associated with productions for Amazon, Spotify, Radio Mirchi etc. Many of his students regularly get absorbed in the industry and has built an excellent reputation in academia as well as professionals.
